O. EMMANUEL

Full-Stack Web Developer & UI/UX Designer

PROFESSIONAL SUMMARY

Motivated and detail-oriented Full-Stack Developer with a strong foundation in creating responsive, user-centric web applications. Passionate about bridging the gap between sleek UI/UX design and robust backend functionality. Proven ability to implement complex features including image handling, API integration, and dynamic interface logic.

CORE COMPETENCIES

- **Frontend:** Crafting pixel-perfect layouts using modern CSS (Flexbox/Grid) and building interactive user interfaces with JavaScript.
- **Backend:** Developing server-side logic using Node.js and managing data flow via API integrations.
- **UI/UX Design:** Designing intuitive user journeys with a focus on clean, modern aesthetics and accessibility.
- **Full-Stack Integration:** Connecting frontend components to backend services to deliver seamless web experiences.

TECHNICAL HIGHLIGHTS

Interactive Interface Development

Experienced in building advanced UI components such as dynamic messaging inputs, image preview systems, and real-time date/context logic. Focused on creating interfaces that adapt to user input and provide immediate visual feedback.

API & Logic Implementation

Proficient in handling script-level logic for data processing and integrating external APIs to extend application functionality. Skilled in debugging and optimizing JavaScript for performance.

EDUCATION & GROWTH

Continuous Learning in Web Development

Focusing on Full-Stack architectures, Modern UI frameworks, and Performance Optimization.
